

NEW!

FROM DAVIS INSTRUMENTS

Vantage Vue Wireless Weather Station

Rugged. Accurate. Reliable At a Great Price Point

Components not shown to scale

The new Davis Vantage Vue™ weather station combines Davis' legendary accuracy and rugged durability into a compact station that's easy to set up and use. Vantage Vue includes a sleek but tough outdoor sensor array and distinctive LCD console. Its unique Weather Center function provides additional information on each weather variable. In addition, Davis has made Vantage Vue radio-compatible with our flagship Vantage Pro2 stations so you can mix-and-match most components.

APPLICATIONS

- Home, Commercial and Industrial Use
- Schools and Universities
- Vacation homes and cabins
- Fire fighting and emergency response

SPECIFICATIONS

- Updates every 2.5 seconds (up to 10x faster than the competition)
- Wireless transmission up to 1,000 ft. (300 m) is 3x farther than the competition
- Records wind speed as low as 2 mph (3 kph) and as high as 150 mph (241 kph)
- Solar-powered with stored energy back-up
- Easy-to-read, backlit LCD screen at 3" x 4-3/8" (8 x 11 cm)
- Survives cyclic corrosion tests simulating wear in extreme environments.

FEATURES

- Displays indoor and outdoor temperature and humidity, barometric pressure, wind speed, wind direction, rainfall and more
- Sealed electronics in the integrated sensor suite provide protection against the elements
- Glow-in-the-dark keypad for night viewing and domed buttons for better feel
- Frequency-hopping spread spectrum radio for reliable data transmission
- 50 on screen graphs for comparing current and past weather
- 22 alarms to warn of dangers such as high winds, possible flooding and more
- Radio compatible with Vantage Pro2
- OPTIONAL WeatherLink® software for extensive weather analysis and data storage. PC and Mac and Internet versions
